## TARIFF MEASURE IS IN OPERATION

President Wilson Signs Underwood-Simmons Bill.

PRESENTS PENS TO LEADERS

Chief Executive Delivers an Address to His Distinguished Audience Declaring a Great Service Has Been Done for the Rank and File of the Country and the Next Step is Currency Reform.

Washington, Oct. 4.—Surrounded by the leaders of a united Democracy President Wilson signed the Underwood-Simmons tariff bill at the White House.

Simultaneously telegrams were sent to the customs collectors throughout the country by the treasury department putting into actual operation the first Democratic tariff revision since 1894.

A happy group of legislators, members of the cabinet and friends encircled the president as he smilingly affixed his signature with two gold pens.

He presented to Representative Underwood the pen that had written the word "Woodrow" and the one which had completed his name to Senator Simmons, both of whom bowed their appreciation.

After an impressive silence the president delivered in easy natural tones an extemporaneous speech that brought prolonged applause.

The president declared that the journey of legislative accomplishment had only been partly completed; that a great service had been done for the rank and file of the country, but that the second step in the emancipation of business was currency reform.

President Evinces Pleasure.

"Gentlemen, I feel a very peculiar pleasure," said the president, "in what I have just done by way of taking part in the completion of a great piece of business.

"It is a pleasure which is very hard to express in words which are adequate to express the feeling; because the feeling that I have is that we have done the rank and file of the people of this country a great service.

"It is hard to speak of these things without seeming to go off into campaign eloquence, but that is not my feeling. It is one very profound, a feeling of profound gratitude that working with the splendid men who have carried this thing through with studious attention and doing justice all round I should have had part in serving the people of this country as we have been striving to serve them ever since I can remember.

"I have had the accomplishment of something like this at heart ever since I was a boy and I know men standing around me who can say the same thing—who have been waiting to see the things done which it was necessary to do in order that there might be justice in the United States.

Only Half the Journey.

"And so it is a solemn moment that brings such a business to a conclusion and I hope I will not be thought to be demanding too much of myself or of my colleagues when I say this, great as it is, is the accomplishment of only half the journey.

"We have set the business of the country free from those conditions which have made monopoly not only possible, but in a sense easy and natural.

"But there is no use taking away the conditions of monopoly if we did not take away also the power to create monopoly and that is a financial, rather than a merely commercial and economic power."

The small but distinguished audience that heard the president's speech crowded about him afterwards with congratulations. Leading figures of the Democratic party—Speaker Clark, Secretary Bryan and Representative Underwood—stood together as sponsors with the president for the first big piece of legislation that had been accomplished in the Democratic program of reform. They gave the president their congratulations and reiterated promises of support.

"We'll be coming here again in a short time to see the currency bill signed," said Secretary Bryan. Secretary McAdoo spoke with equal confidence.

British Aviator Killed.

Salisbury, Eng., Oct. 4.—Major George Charlton Merrick of the British army flying corps was killed while flying over the military aviation ground here when his aeroplane suddenly collapsed.

## STEAMER SPOKANE WRECKED

"Sinking Fast" Says Wireless From Liner Off Cape Lazo.

Portland, Ore., Oct. 4.—Wireless stations have picked up messages reporting that the steamer Spokane of the Pacific Coast Steamship company has been wrecked off Cape Lazo, B. C.

The steamer Dolphin is rushing to the Spokane's assistance in answer to "S. O. S." calls. A message from the Spokane said:

"Sinking fast; rush help."  
The steamer L. A. Touche is taking off passengers.

## SEATTLE JUDGE CHANGES FRONT

Lenient With Socialists for Contempt of Court.

DWELLS ON GREAT POWER

Judge Humphries Says He Has but to Close His Hand to Put His Hearers in Jail and Open It to Let Them Out. Also Declares He is Higher Than the Governor.

Seattle, Wash., Oct. 4.—Superior Judge John E. Humphries, who began the day in belligerent mood, with his docket full of contempt of court cases against Socialists, adjourned court after dispensing pardons and remissions to all comers. His change of attitude came after a consultation with a representative of eight other superior court judges.

Until the middle of the afternoon Judge Humphries continued to hear the cases of the fifty-nine signers of the "defiance," making frequent addresses to the crowd. In the morning the penalties imposed were severe, in the afternoon mild.

The court frequently warned the defendants not to be "sassy." Those who were "sassy" fared ill.

After the "defiant" persons had been disposed of the case of Dr. Titus on the charge of violating an anti-street speaking injunction was called. The judge delivered a long address.

He dwelt upon the great power he wielded, saying he had but to close his hand to put his hearers in jail, and to open it to let them out. He exclaimed:

"I hold the keys. I have great power. I am higher than the governor. I can put you in jail and I can pardon you."

Then the judge discharged Dr. Titus to the latter's intense astonishment.

Greets Prisoner With Smile.

When Millard Price came forward the judge greeted him with a smile, saying:

"Another friend of mine." Price answered a few questions and was discharged.

Kate Sadler, a street speaker, was brought from jail where she had been confined for interrupting court proceedings.

Questioned by Judge Humphries she declared she had not assailed him in her speech, but on the contrary had praised him as an object lesson of the need of recall of judges. To her amazement the court said he would reduce her \$100 fine to \$10.

"I'll not pay it," she shouted.

"Don't get sassy," said the judge, adding, "the fine is remitted anyhow."

"What became of the woman with the two babies?" the court next asked.

He was told that Mrs. McNally would be released from jail.

The judge then inquired about Mrs. Spencer, a woman with four children, and remitted the fine against her. The prosecutor objected, saying:

"She is very defiant, your honor."

At the close of court the principals in the Socialist contempt cases were free and more than a score of persons were in jail in default of payment of fines varying from \$50 to \$300 for "talking back to the court." Three of the latter had been sentenced to six months each in prison.

Five women are in jail for nonpayment of \$100 fines.

## WOMAN BURNED TO LEATH

Husband Mortally Injured in Attempted Rescue.

Oshkosh, Wis., Oct. 4.—Mrs. J. C. Puestow was burned to death and Mr. Puestow was probably mortally burned while trying to rescue her when the cottages of J. C. Puestow and A. Smith at Oakwood were destroyed by fire.

Mr. Puestow tried to chop his way into where Mrs. Puestow was being slowly burned to death. Mrs. Puestow meanwhile was pleading with him to get her out.

Mrs. Puestow was in the cottage preparing supper when the gasoline stove exploded. It was near the door and cut off her exit.

Mr. Puestow tried to go in, but neighbors held him and he made his way to the rear to chop his way in. Five children of Mr. and Mrs. Puestow barely escaped.

## HELPED KILL HER HUSBAND

Jury Finds Mrs. Reuter Guilty of Complicity in Murder.

Bartlesville, Okla., Oct. 4.—The jury in the case of Mrs. Laura M. Reuter, charged with complicity in the murder of her husband, a prominent attorney at Tulsa, Okla., last year, returned a verdict of guilty. The jury recommended life imprisonment for the verdict. She confidently expected acquittal and when she realized the import of the jury's decision she fell in a swoon.

Her two little children, listening to her hysterical weeping, pleaded with their mother's friends to take her back to their home in Tulsa.

Thomas Mott Osborne, alias Tom Brown, self sentenced inmate of Auburn prison and member of the New York state prison commission, was put to work unloading coal. Mr. Osborne is the millionaire philanthropist who decided to serve a voluntary term in prison and receive the same treatment as a regular convict in order to ascertain the effect of life in prison on the minds of the convicts. He is shown in the picture as he appeared before having his mustache shaved off preparatory to entering the jail. The tier of cells, one of which he occupies, is likewise shown.

## WIDE DIFFERENCES OF OPINION EXIST

Senators Hope to Remove Objections to Currency Bill.

Washington, Oct. 4.—An attempt to determine definitely the exact positions of the senate banking and currency committee on the administration currency bill will be made.

Senators Owen, Pomerene, Shafroth and Hollis, supporters of the administration on the committee, want to get a definite idea from their colleagues as to what are the chief obstacles to a final agreement in the course of extended hearings.

It appears practically certain that at present it would be extremely difficult to bring about an agreement among a majority of the committee to any particular form of currency reform satisfactory to the administration.

The house rules committee refused to report a resolution authorizing the banking and currency committee to take a thirty-day trip through the country to investigate the subject of rural credits and agricultural banks.

## NOT STABBED BY OELRICHS

New York Girl Now Says She Was Cut by Broken Glass.

New York, Oct. 4.—Lucille Singleton changed her mind about her charge of stabbing against Hermann Oelrichs, millionaire student at Columbia law school, whose automobile met with an accident while the two were riding in it Tuesday night along Broadway.

She declared in an affidavit that her injuries were caused by points of glass of the wind shield through which she was thrown.

The felonious assault charge, on which there is to be a hearing next Tuesday, is expected to be dropped.

## TO STOP SPECULATION.

Washington, Oct. 4.—On the heels of the failure of congress to legislate in the tariff bill to prevent gambling in cotton futures Representative Harrison of Mississippi introduced a resolution providing for an international campaign against such speculation.

The resolution would request the president to negotiate with Great Britain and other nations with a view to formulating a plan to prevent cotton speculation.

## RESIGNS RED WING PLACE

Dr. Merica Quits Superintendency of Training School.

Red Wing, Minn., Oct. 4.—Superintendent C. O. Merica of the Minnesota state training school in this city since August, 1912, has resigned. His resignation is to take effect Jan. 1, 1914. This was confirmed by Dr. Merica.

"I don't know that I have told any one that I had resigned or intended to resign," he said. "But if you have such information I will say that it is correct."

"As to my resignation I have no statement to make other than that it has been tendered to the board."

## CAUCUS CONTROL HASTENS ACTION

Parties Must Rule to Pass Bills Quickly.

MUCH CRITICISM OF METHOD

Democrats Employed Same Tactics in Passing Tariff Bill as Republicans Followed When They Were in Control—Without It Currency Legislation Would Be Impossible.

By ARTHUR W. DUNN.

Washington, Oct. 4.—[Special].—No doubt there will be many learned dissertations upon the subject of caucus control of national legislation, more particularly as it has been denounced in such unmeasured terms by a "near" Progressive like Senator La Follette and by a real Progressive like Congressman Murdock, to say nothing of many Republicans and Progressives who have found fault with the methods used in passing the tariff bill and are denouncing the same methods when used to pass the currency bill.

But any issue that is used in politics becomes partisan. The tariff has been the dividing line between the two old parties for more than half a century. On many occasions the money question has become the line of political division. Consequently these are party questions.

Parties Must Rule.

Parties must rule and must control the legislation of partisan character. It is idle to say that these are great economic questions and should be settled on business principles. They are party questions and must be settled by the party in control.

If the party in power did not control, did not invoke the much abused caucus, did not bind its members to support a program, there would be neither tariff nor currency legislation.

And the methods pursued by the present party in power are substantially like those followed with the McKinley bill, the Wilson bill, the Dingley bill and the Payne bill.

A Colorado Complaint.

"There is a spirit shown in this house all the time to gouge the west," asserted Congressman Taylor of Colorado when a bridge bill was under consideration.

"If we want to get water to irrigate land three-fourths of the membership want us to pay royalty for it. If beef and pork should go up to \$1 a pound and flour to \$25 a sack it would only be just retribution on the conservationists who are so persistently retarding the settlement and development of the west and driving our people to Canada."

"Didn't congress almost unanimously vote for the irrigation law, which added millions of wealth to the west?" asked Cooper of Wisconsin.

"Every dollar of that money is being collected from the settlers of the west," replied Taylor.

"I have sympathy with much of the gentleman from Colorado has said," remarked Chairman Adamson, who had charge of the bridge bill, "and if he wants any bridges or dams or light-houses on Pike's peak or elsewhere in the altitudinous land of Colorado and will show it will not interfere with navigation and will promote commerce our committee will not discriminate against him."

One Congressman's Way.

Richard W. Austin of the Second Tennessee district keeps in touch with his people. He has sent 100,000 tariff speeches to his people; he has had three government experts talking on good roads in every county; he has sent numerous copies of the Year Book and all the farmers' bulletins to the agriculturists; he has had twenty meetings in the mining districts, where mining experts from the bureau of mines have instructed the workers and the employers about safety devices; he has had the agents of the Red Cross with first aid to the injured appliances explain their use and demonstrate how miners can care for themselves in emergencies. All this service to keep a man before his constituents.

Bathrick Likes Machinery.

There is no mechanical device which does not interest Congressman Bathrick of Ohio. He looks into all kinds of machinery and has invented a number of devices for improving mechanical operations. He could operate almost any kind of a machine if he had an opportunity to see it tried out. He is particularly interested in the development of machinery as it affects the navy. "The navy is a great field for mechanism," he said. "In fact, the navy is now founded on machinery."

A Sympathy Trio.

Sisson of Mississippi, Hardwick of Georgia and Ragland of South Carolina had all declared they would not support the currency bill, but they all voted for it under protest. They held a sympathy reunion soon after and established themselves as martyrs to party loyalty.

The Public Losses.

"Debates in congress on a measure that has been agreed to in caucus are not worth much," remarked Senator Shafroth of Colorado. "The public loses the best of the arguments, for men do not say all they think after the caucus settles on the form of legislation."

Russian Novelist Very Ill With Tuberculosis.

Naples, Oct. 4.—Maxim Gorky, the Russian novelist, who lives at a villa on the island of Capri, is so ill with tuberculosis that he has been obliged to come here and submit to a special cure.

## SULZER'S COUNSEL RIDICULES RUMORS

Denies Several Lawyers Will Retire From Case.

Albany, N. Y., Oct. 4.—Rumors that Governor Sulzer and his counsel were at the parting of the ways were denied by D. Cady Herrick, chief of staff.

He broke his silence only after a story had gone broadcast that several of the attorneys would withdraw from the case Monday.

"There is not a word of truth in the stories," Herrick said. "We will be on hand Monday and so far as I know every other day until the trial ends."

Herrick also denied that counsel and the governor are at loggerheads over the story Sulzer insists he will tell from the witness stand.

It was reported that the governor's plan of throwing down the bars and laying bare his whole political career was distasteful to his attorneys.

That the governor's counsel is none too well pleased with his consulting attorneys other than those appearing at the counsel table is well known, but he has permitted the latter to have their way and no serious break is expected.

How long it will require the defense to complete its case not even Judge Herrick is willing to guess. Much depends on how far the presiding judge permits the governor to go with his story.

## ACCUSED OF GRAVE ROBBERY

Montana Man Under Arrest in New York City.

New York, Oct. 4.—Arthur S. Hughes, a ranch owner of Forsyth, Mont., was arrested here charged with conspiracy, arson and the robbery of a grave. The arrest was made at the request of Sheriff Mosen of Rosebud county, Montana.

Hughes is charged with having entered into a conspiracy with his wife and a man named Elliott, both of whom, the police assert, are under arrest in Montana, to collect \$8,000 insurance on his life, which he carried in the Montana Life Insurance company.

According to the complaint, a man named Craig was killed in Forsyth about two years ago by a railroad train. Hughes, it is alleged, took Craig's body from the grave, carried it to his home, placed it in a bed chamber and then set the house on fire. The body, burned until it was unrecognizable, was found in the embers and Mrs. Hughes went into mourning for her husband. Hughes, the complaint continues, disappeared.

## MOTHER AND DAUGHTERS SLAIN

Murderer Sets House on Fire to Conceal Crime.

Meadow, S. D., Oct. 4.—A Mrs. Fox and her fifteen-year-old daughter were murdered near here and in order to conceal the crime the slayer set fire to their house, which was burned to the ground.

The authorities at Bison were notified and Deputy Sheriff Martin Eliotson, State's Attorney Stanley and Dr. Walker went to the scene of the tragedy.

An examination of the bodies disclosed two bullet holes in the head of the older woman, while the skulls of both had been crushed. A white man known locally as "Nigger Joe," had been paying court to the daughter against the wishes of her mother and he is being held on suspicion.

## DROWNED IN CANAL.

Panama, Oct. 4.—Four West Indian laborers, working at the culvert at Miraflores locks, were drowned owing to the giving way of the barrier used to retain the water within proper bounds.

UNION DEPOT BURNS DOWN

Spectacular Night Fire at St. Paul Causes \$250,000 Loss.

St. Paul, Oct. 4.—Fire, starting at 11:07 p. m., destroyed the St. Paul Union depot, causing a loss which Carl R. Gray, president of the Great Northern, estimates at from \$225,000 to \$250,000.

The flames started in the restaurant on the second floor of the structure and before the firemen could begin their work the entire building was afire.

Up through the roof the flames sang, throwing vast masses of sparks to the northwest. They flew across the great Griggs-Copper building, falling in showers in Fourth and Fifth streets. Vast masses of smoke poured from the vortex formed by the cupola, which was the central point of the whole fire. It shot two or three hundred feet in the air, brilliant scarlet with the duller glow of the furnace beneath.

SHOOTS DOWN HOLDUP MAN

Seattle Saloon Keeper Wounded in Pistol Fusillade.

Seattle, Oct. 4.—J. L. Muldoon, a saloon keeper, is in a hospital with his arm broken by a bullet; Carl Strobach, who tried to hold up Muldoon's saloon, is dead and the police are hunting for a second robber, supposed to be wounded.

Muldoon was playing cards with two companions when the robbers entered from opposite doors. He drew a revolver and fired.

The robbers returned the fusillade. Strobach's bullet riddled body was found in the street.

Former President Attends Dinner Given in His Honor Before Departing on South American Tour—Wild Cheering Greets Colonel's Assertion He Will Never Abandon Progressive Principles.

New York, Oct. 4.—Theodore Roosevelt bade his friends farewell on the eve of his departure on a journey to unexplored regions of South America, at a dinner given in his honor by the Progressive national service and the Progressive service of the state of New York.

Addressing some two thousand men and women, who gathered in his honor at the New York roof garden, the colonel made a speech in which he apparently sought to put a quietus on published reports that he intends to return to the Republican party.

"I warn our opponents that the fight has only just begun," he said, his voice breaking in his earnestness. "I will never abandon the principles to which we Progressives have pledged ourselves."

The wildest enthusiasm greeted his assertion. Waving bandana handkerchiefs and napkins the diners jumped to their feet and cheered for half a minute. Only once did Mr. Roosevelt receive a greater ovation.

WOMAN BURNED TO DEATH

Husband Mortally Injured in Attempting Rescue.

Oshkosh, Wis., Oct. 4.—Mrs. J. C. Puestow was burned to death and Mr. Puestow was probably mortally burned while trying to rescue her when the cottages of J. C. Puestow and A. Smith at Oakwood were destroyed by fire.

Mr. Puestow tried to chop his way into where Mrs. Puestow was being slowly burned to death. Mrs. Puestow meanwhile was pleading with him to get her out.

Mrs. Puestow was in the cottage preparing supper when the gasoline stove exploded. It was near the door and cut off her exit.

Mr. Puestow tried to go in, but neighbors held him and he made his way to the rear to chop his way in. Five children of Mr. and Mrs. Puestow barely escaped.

HELPED KILL HER HUSBAND

Jury Finds Mrs. Reuter Guilty of Complicity in Murder.

Bartlesville, Okla., Oct. 4.—The jury in the case of Mrs. Laura M. Reuter, charged with complicity in the murder of her husband, a prominent attorney at Tulsa, Okla., last year, returned a verdict of guilty. The jury recommended life imprisonment.

Mrs. Reuter was wholly unprepared for the verdict. She confidently expected acquittal and when she realized the import of the jury's decision she fell in a swoon.

Her two little children, listening to her hysterical weeping, pleaded with their mother's friends to take her back to their home in Tulsa.

THOMAS M. OSBORNE.

Goes to Prison to Study Effect on Convicts' Minds.

Photos by American Press Association.

Thomas Mott Osborne, alias Tom Brown, self sentenced inmate of Auburn prison commission, was put to work unloading coal. Mr. Osborne is the millionaire philanthropist who decided to serve a voluntary term in prison and receive the same treatment as a regular convict in order to ascertain the effect of life in prison on the minds of the convicts. He is shown in the picture as he appeared before having his mustache shaved off preparatory to entering the jail. The tier of cells, one of which he occupies, is likewise shown.

## WIDE DIFFERENCES OF OPINION EXIST

Senators Hope to Remove Objections to Currency Bill.

Washington, Oct. 4.—An attempt to determine definitely the exact positions of the senate banking and currency committee on the administration currency bill will be made.

Senators Owen, Pomerene, Shafroth and Hollis, supporters of the administration on the committee, want to get a definite idea from their colleagues as to what are the chief obstacles to a final agreement in the course of extended hearings.

It appears practically certain that at present it would be extremely difficult to bring about an agreement among a majority of the committee to any particular form of currency reform satisfactory to the administration.

The house rules committee refused to report a resolution authorizing the banking and currency committee to take a thirty-day trip through the country to investigate the subject of rural credits and agricultural banks.

NOT STABBED BY OELRICHS

New York Girl Now Says She Was Cut by Broken Glass.

New York, Oct. 4.—Lucille Singleton changed her mind about her charge of stabbing against Hermann Oelrichs, millionaire student at Columbia law school, whose automobile met with an accident while the two were riding in it Tuesday night along Broadway.

She declared in an affidavit that her injuries were caused by points of glass of the wind shield through which she was thrown.

The felonious assault charge, on which there is to be a hearing next Tuesday, is expected to be dropped.

TO STOP SPECULATION.

Washington, Oct. 4.—On the heels of the failure of congress to legislate in the tariff bill to prevent gambling in cotton futures Representative Harrison of Mississippi introduced a resolution providing for an international campaign against such speculation.

The resolution would request the president to negotiate with Great Britain and other nations with a view to formulating a plan to prevent cotton speculation.

RESIGNS RED WING PLACE

Dr. Merica Quits Superintendency of Training School.

Red Wing, Minn., Oct. 4.—Superintendent C. O. Merica of the Minnesota state training school in this city since August, 1912, has resigned. His resignation is to take effect Jan. 1, 1914. This was confirmed by Dr. Merica.

"I don't know that I have told any one that I had resigned or intended to resign," he said. "But if you have such information I will say that it is correct."

"As to my resignation I have no statement to make other than that it has been tendered to the board."

## CAUCUS CONTROL HASTENS ACTION

Parties Must Rule to Pass Bills Quickly.

MUCH CRITICISM OF METHOD

Democrats Employed Same Tactics in Passing Tariff Bill as Republicans Followed When They Were in Control—Without It Currency Legislation Would Be Impossible.

By ARTHUR W. DUNN.

Washington, Oct. 4.—[Special.]—No doubt there will be many learned dissertations upon the subject of caucus control of national legislation, more particularly as it has been denounced in such unmeasured terms by a "near" Progressive like Senator La Follette, and by a real Progressive like Congressman Murdock, to say nothing of many Republicans and Progressives who have found fault with the methods used in passing the tariff bill and are denouncing the same methods when used to pass the currency bill.

But any issue that is used in politics becomes partisan. The tariff has been the dividing line between the two old parties for more than half a century. On many occasions the money question has become the line of political division. Consequently these are party questions.

Parties Must Rule.

Parties must rule and must control the legislation of partisan character. It is idle to say that these are great economic questions and should be settled on business principles. They are party questions and must be settled by the party in control.

If the party in power did not control, did not invoke the much abused caucus, did not bind its members to support a program, there would be neither tariff nor currency legislation.

And the methods pursued by the present party in power are substantially like those followed with the McKinley bill, the Wilson bill, the Dingley bill and the Payne bill.

A Colorado Complaint.

"There is a spirit shown in this house all the time to gouge the west," asserted Congressman Taylor of Colorado, when a bridge bill was under consideration. "If we want to get water to irrigate land three-fourths of the membership want us to pay royalty for it. If beef and pork should go up to \$1 a pound and flour to \$25 a sack it would only be just retribution on the conservationists who are so persistently retarding the settlement and development of the west and driving our people to Canada."

"Didn't congress almost unanimously vote for the irrigation law, which added millions of wealth to the west?" asked Cooper of Wisconsin.

"Every dollar of that money is being collected from the settlers of the west," replied Taylor.

"I have sympathy with much the gentleman from Colorado has said," remarked Chairman Adamson, who had charge of the bridge bill, "and if he wants any bridges or dams or light-houses on Pike's peak or elsewhere in the altitudinous land of Colorado and will show it will not interfere with navigation and will promote commerce our committee will not discriminate against him."

One Congressman's Way.

Richard W. Austin of the Second Tennessee district keeps in touch with his people. He has sent 100,000 tariff speeches to his people; he has had three government experts talking on good roads in every county; he has sent numerous copies of the Year Book and all the farmers' bulletins to the agriculturists; he has had twenty meetings in the mining districts, where mining experts from the bureau of mines have instructed the workers and the employers about safety devices; he has had the agents of the Red Cross with first aid to the injured appliances explain their use and demonstrate how miners can care for themselves in emergencies. All this serves to keep a man before his constituents.

Bathrick Likes Machinery.

There is no mechanical device which does not interest Congressman Bathrick of Ohio. He looks into all kinds of machinery and has invented a number of devices for improving mechanical operations. He could operate almost any kind of a machine if he had an opportunity to see it tried out. He is particularly interested in the development of machinery as it affects the navy. "The navy is a great field for mechanism," he said. "In fact, the navy is now founded on machinery."

A Sympathy Trio.

Sisson of Mississippi, Hardwick of Georgia and Ragsdale of South Carolina had all declared they would not support the currency bill, but they all voted for it under protest. They held a sympathy reunion soon after and established themselves as martyrs to party loyalty.

The Public Loses.

"Debates in congress on a measure that has been agreed to in caucus are not worth much," remarked Senator Shafroth of Colorado. "The public loses the best of the arguments, for men do not say all they think after the caucus settles on the form of legislation."

## SULZER'S COUNSEL RIDICULES RUMORS

Denies Several Lawyers Will Retire From Case.

Albany, N. Y., Oct. 4.—Rumors that Governor Sulzer and his counsel were at the parting of the ways were denied by D. Cady Herrick, chief of staff.

He broke his silence only after a story had gone broadcast that several of the attorneys would withdraw from the case Monday.

"There is not a word of truth in the stories," Herrick said. "We will be on hand Monday and so far as I know every other day until the trial ends."

Herrick also denied that counsel and the governor are at loggerheads over the story Sulzer insists he will tell from the witness stand.

It was reported that the governor's plan of throwing down the bars and laying bare his whole political career was distasteful to his attorneys.

That the governor's counsel is none too well pleased with his consulting attorneys other than those appearing at the counsel table is well known, but he has permitted the latter to have their way and no serious break is expected.

How long it will require the defense to complete its case not even Judge Herrick is willing to guess. Much depends on how far the presiding judge permits the governor to go with his story.

ACCUSED OF GRAVE ROBBERY

Montana Man Under Arrest in New York City.

New York, Oct. 4.—Arthur S. Hughes, a ranch owner of Forsythe, Mont., was arrested here charged with conspiracy, arson and the robbery of a grave. The arrest was made at the request of Sheriff Mosen of Rosebud county, Montana.

Hughes is charged with having entered into a conspiracy with his wife and a man named Elliott, both of whom, the police assert, are under arrest in Montana, to collect \$5,000 insurance on his life, which he carried in the Montana Life Insurance company.

According to the complaint, a man named Craig was killed in Forsythe about two years ago by a railroad train. Hughes, it is alleged, took Craig's body from the grave, carted it to his home, placed it in a bed chamber and then set the house on fire. The body, burned until it was unrecognizable, was found in the embers and Mrs. Hughes went into mourning for her husband. Hughes, the complaint continues, disappeared.

MOTHER AND DAUGHTERS SLAIN

Murderer Sets House on Fire to Conceal Crime.

Meadow, S. D., Oct. 4.—A Mrs. Fox and her fifteen-year-old daughter were murdered near here and in order to conceal the crime the slayer set fire to their house, which was burned to the ground.

The authorities at Bison were notified and Deputy Sheriff Martin Elliott, State's Attorney Stanley and Dr. Walker went to the scene of the tragedy.

An examination of the bodies disclosed two bullet holes in the head of the older woman, while the skulls of both had been crushed. A white man known locally as "Nigger Joe," had been paying court to the daughter against the wishes of her mother and he is being held on suspicion.

DROWNED IN CANAL.

Panama, Oct. 4.—Four West Indian laborers, working at the culvert at Miraflores locks, were drowned owing to the giving way of the barrier used to retain the water within proper bounds.

## DECLARES FIGHT HAS ONLY BEGUN

UNION DEPOT BURNS DOWN

Spectacular Night Fire at St. Paul Causes \$250,000 Loss.

St. Paul, Oct. 4.—Fire, starting at 11:07 p. m., destroyed the St. Paul Union depot, causing a loss which Carl R. Gray, president of the Great Northern, estimates at from \$225,000 to \$250,000.

The flames started in the restaurant on the second floor of the structure and before the firemen could begin their work the entire building was aflame.

Up through the roof the flames sang, throwing vast masses of sparks to the northwest. They flew across the great Griggs-Copper building, falling in showers in Fourth and Fifth streets. Vast masses of smoke poured from the vortex formed by the cupola, which was the central point of the whole fire. It shot two or three hundred feet in the air, brilliant scarlet with the duller glow of the furnace beneath.

SHOOT DOWN HOLDUP MAN

Seattle Saloon Keeper Wounded in Pistol Fusillade.

Seattle Oct. 4.—J. L. Muldoon, a saloon keeper, is in a hospital with his arm broken by a bullet; Carl Strobach, who tried to hold up Muldoon's saloon, is dead, and the police are hunting for a second robber, supposed to be wounded.

Muldoon was playing cards with two companions when the robbers entered from opposite doors. He drew a revolver and fired.

The robbers returned the fusillade. Strobach's bullet riddled body was found in the street.

BIDS HIS FRIENDS GOODBY

Former President Attends Dinner Given in His Honor Before Departing on South American Tour—Wild Cheering Greets Colonel's Assertion He Will Never Abandon Progressive Principles.

New York, Oct. 4.—Theodore Roosevelt bade his friends farewell on the eve of his departure on a journey to unexplored regions of South America, at a dinner given in his honor by the Progressive national service and the Progressive service of the state of New York.

Addressing some two thousand men and women, who gathered in his honor at the New York roof garden, the colonel made a speech in which he apparently sought to put a quietus on published reports that he intends to return to the Republican party.

"I warn our opponents that the fight has only just begun," he said, his voice breaking in his earnestness. "I will never abandon the principles to which we Progressives have pledged ourselves."

The wildest enthusiasm greeted his assertion. Waving bandana handkerchiefs and napkins the diners jumped to their feet and cheered for half a minute. Only once did Mr. Roosevelt receive a greater ovation.

Toward the close of the address of Gifford Pinchot, the toastmaster, there were cries of "we want Teddy!" Raymond Robbins, head of the Progressive national service, shouted across the guest table, "Yes, we want him—we want him as president!"

fainting and dizzy spells, backache,  
headache, weakness, debility, consti-  
pation or kidney troubles should use  
Electric Bitters. They give relief  
when nothing else will, improve the  
health, adding strength and vigor  
from the first dose. Mrs. Laura  
Gaines of Avoca, La., says: "Four  
doctors had given me up and my chil-  
dren and all my friends were looking

### LOERCH ITEMS

Mrs. A. H. Aspholm, Maybelle Dul-  
lum and Gladys Miller were Nokay  
Lake visitors last Sunday.

Harry Anderson walked to Brainerd  
Saturday evening. Walking is  
good exercise, Harry.

Mrs. Bell of Duluth, has been call-  
ing at Friedsam's for the past week.  
C. A. Lungreen was in Brainerd  
last Sunday.

Gladys and Ruby Miller called at  
Dullum's last Sunday night and re-  
turned home Monday morning.

Peter Lewis has raised quite a large  
squash in his garden. The squash is  
36 inches in length and 46 inches in  
diameter and weighs 30 pounds. Who  
says Loerch farmers can't raise veg-  
etables?

Miss Barbara Friedsam and Mr.  
Herbert Bell called at Aspholm's last  
Thursday evening, their visit being  
short but pleasant.

Dan Peterson is calling some-  
where near Loerch station lately.  
Don't be bashful Dan, tell us where.  
Those who attended the dance at  
Cowles last Friday evening report a  
very pleasant time.

Mr. and Mrs. C. Miller and child-  
ren were visiting his brother, Frank  
Miller, last Sunday.

Mrs. Enoch Johnson spent a few  
days in Duluth last week.

Arthur Gilbert was an out-of-  
Loerch visitor last Sunday.

Mrs. Bell and son Herbert Bell,  
visited with Miller's last Sunday.

Mrs. Clark and Miss Georgia Clark  
and Betty Johnson called at Sather's  
on Monday.

There is more Catarra in this section  
of the country than all other diseases  
put together, and until the last few  
years was supposed to be incurable. For  
a great many years doctors pronounced  
remedies, and by constantly failing to  
cure with local treatment, pronounced it  
incurable. Science has proven Catarra  
to be a constitutional disease, and there-  
fore requires constitutional treatment.  
Hall's Catarra Cure, manufactured by  
F. J. Cheney & Co., Toledo, Ohio, is the  
only Constitutional cure on the market.  
It is taken internally in doses from 10  
drops to a teaspoonful. It acts directly  
on the blood and mucous surfaces of  
the system. They offer one hundred  
dollars for any case it fails to cure. Send  
for circulars and testimonials.

### CERTIFICATE OF INCORPORATION

of  
**CANADIAN-CUYUNA ORE COMPANY**

The undersigned hereby associate  
for the purpose of forming a corpora-  
tion under the laws of the state of Min-  
nesota, and, to that end, hereby adopt  
the following

**CERTIFICATE OF INCORPORATION.**

**ARTICLE I.**  
The name of the corporation shall be  
Canadian-Cuyuna Ore Company.

The principal place of transacting its  
business shall be in the city of Brainerd,  
Crow Wing County, Minnesota; but it  
may establish offices and conduct busi-  
ness in any other state or country.

The general nature of its business shall  
be to acquire, in any lawful manner, and  
hold, manage, use, enjoy, encumber or  
dispose of, lands, tenements and heredita-  
ments, including leases of mines and  
mineral lands; to plat townships and dis-  
pose of the same; to explore for ores and  
minerals, whether for the corporation or  
for others; to buy and sell, on commis-  
sion or otherwise, ores, metals and min-  
erals, and to mine, smelt, reduce, refine,  
work, manufacture or deal in the same;  
and to acquire and dispose of personal  
property, including stock in other cor-  
porations.

**ARTICLE II.**  
The period of duration of said corpora-  
tion shall be thirty (30) years from the  
tenth day of October, 1913.

**ARTICLE III.**  
The names of the incorporators are  
B. F. Lum, D. E. Bridgman, and B. M.  
Payne, all of whom reside in the city of  
Minneapolis, Minnesota.

**ARTICLE IV.**  
The management of said corporation  
shall be vested in a board of not less than  
three nor more than seven directors, all  
of whom shall be elected by ballot by  
and from among the stockholders, at the  
annual meeting of the corporation, which  
shall be held at the office of the corporation  
in the city of Brainerd, Minnesota, or at  
such other place as the board of directors  
of the corporation may designate, on the  
second Tuesday of October of each year,  
and when elected shall continue in office  
until their successors are chosen, and enter  
upon the discharge of their duties. Until  
their successors shall be chosen, the first  
Board of Directors shall be composed of  
the incorporators above named.

The first meeting of the Board of Di-  
rectors shall be held at Minneapolis, Min-  
nesota, October 10th, 1913.

**ARTICLE V.**  
The amount of the capital stock of the  
corporation shall be five hundred thou-  
sand dollars (\$500,000) divided into five  
thousand (5000) shares of one hundred  
dollars (\$100) each, and said capital  
shall be paid in at such times and in  
such manner as shall be required by the  
Board of Directors. No share of stock  
shall be issued until fully paid for at  
not less than par. The corporation may  
adopt by-laws regulating the transfer of  
any and all shares of stock issued by it.

**ARTICLE VI.**  
The highest amount of indebtedness or  
liability to which the corporation shall  
at any time be subject is five hundred  
thousand dollars (\$500,000).

**ARTICLE VII.**  
In case of failure to elect directors at  
any annual meeting, they may be elected  
at any subsequent regular or special  
meeting of the stockholders, and when  
elected shall continue in office until their  
successors are chosen and enter upon the  
discharge of their duties. The di-  
rectors shall choose from their own  
number a president, vice-president, sec-  
retary and treasurer, and such officers as  
the Board of Directors may, from time  
to time, deem advisable; and such offi-  
cers, when chosen, shall continue in of-  
fice until their respective successors are  
elected and enter upon the discharge of  
their duties. Any two officers, except  
president and vice-president, may be  
held by the same person.

At any meeting of directors a proxy  
may represent, and vote in place of, any  
director who may be absent, and who  
shall have been duly authorized such proxy  
so to act by a writing filed with the sec-  
retary of the corporation.

In case a vacancy shall occur in the  
Board of Directors or in any office, it  
may be filled by the existing directors  
for the unexpired term.

In Witness Whereof, we have sub-  
scribed and acknowledged this certifi-  
cate this 1st day of October, 1913.

**LOERCH ITEMS**  
Mrs. A. H. Aspholm, Maybelle Dul-  
lum and Gladys Miller were Nokay  
Lake visitors last Sunday.  
Harry Anderson walked to Brainerd  
Saturday evening. Walking is  
good exercise, Harry.  
Mrs. Bell of Duluth, has been call-  
ing at Friedsam's for the past week.  
C. A. Lungreen was in Brainerd  
last Sunday.  
Gladys and Ruby Miller called at  
Dullum's last Sunday night and re-  
turned home Monday morning.  
Peter Lewis has raised quite a large  
squash in his garden. The squash is  
36 inches in length and 46 inches in  
diameter and weighs 30 pounds. Who  
says Loerch farmers can't raise veg-  
etables?  
Miss Barbara Friedsam and Mr.  
Herbert Bell called at Aspholm's last  
Thursday evening, their visit being  
short but pleasant.  
Dan Peterson is calling some-  
where near Loerch station lately.  
Don't be bashful Dan, tell us where.  
Those who attended the dance at  
Cowles last Friday evening report a  
very pleasant time.  
Mr. and Mrs. C. Miller and child-  
ren were visiting his brother, Frank  
Miller, last Sunday.  
Mrs. Enoch Johnson spent a few  
days in Duluth last week.  
Arthur Gilbert was an out-of-  
Loerch visitor last Sunday.  
Mrs. Bell and son Herbert Bell,  
visited with Miller's last Sunday.  
Mrs. Clark and Miss Georgia Clark  
and Betty Johnson called at Sather's  
on Monday.

There is more Catarrh in this section  
of the country than all other diseases  
put together, and until the last few  
years was supposed to be incurable. For  
a great many years doctors pronounced  
remedies, and by constantly failing to  
cure with local treatment, pronounced it  
incurable. Science has proven Catarrh  
to be a constitutional disease, and there-  
fore requires constitutional treatment.  
Hall's Catarrh Cure, manufactured by  
J. C. Cheney & Co., Toledo, Ohio, is the  
only Constitutional cure on the market.  
It is taken internally in doses from 10  
drops to a teaspoonful. It acts directly  
on the blood and mucous surfaces of the  
system. They offer one hundred  
dollars for any case it fails to cure. Send

**CERTIFICATE OF INCORPORATION**  
of  
**CANADIAN-CUYUNA ORE COMPANY**  
The undersigned hereby associate  
for the purpose of forming a corpora-  
tion under the laws of the state of Min-  
nesota, and, to that end, hereby adopt  
the following:  
**CERTIFICATE OF INCORPORATION.**  
**ARTICLE I.**  
The name of the corporation shall be  
Canadian-Cuyuna Ore Company.  
The principal place of transacting its  
business shall be in the city of Brainerd,  
Crow Wing County, Minnesota; but it  
may establish offices and conduct busi-  
ness in any other state or country.  
The general nature of the business shall  
be to acquire, in any lawful manner, and  
hold, manage, use, enjoy, encumber or  
dispose of, lands, tenements and heredi-  
taments, including leases of mines and  
mineral lands; to plat townships and dis-  
pose of the same; to explore for ores and  
minerals, whether for the corporation or  
for others; to buy and sell, on commis-  
sion or otherwise, ores, metals and min-  
erals, and to mine, smelt, reduce, refine,  
work, manufacture or deal in the same;  
and to acquire and dispose of personal  
property, including stock in other cor-  
porations.  
**ARTICLE II.**  
The period of duration of said corpora-  
tion shall be thirty (30) years from the  
tenth day of October, 1913.  
**ARTICLE III.**  
The names of the incorporators are  
B. F. Lum, D. E. Bridgman, and B. M.  
Payne, all of whom reside in the city of  
Minneapolis, Minnesota.  
**ARTICLE IV.**  
The management of said corporation  
shall be vested in a board of not less than  
three nor more than seven directors, all  
of whom shall be elected by ballot by  
the holders of the stockholders at the  
annual meeting thereof, which shall be  
held at the office of the corporation in  
the city of Brainerd, Minnesota, or at  
such other place within the state of  
Minnesota as the Board of Directors may  
designate, on the second Tuesday of Oc-  
tober in each year, and when elected  
shall continue in office until their suc-  
cessors are chosen, and enter upon the  
discharge of their duties. Until their  
successors shall be chosen, the first  
Board of Directors shall be composed of  
the incorporators above named.  
The first meeting of the Board of Di-  
rectors shall be held at Minneapolis, Min-  
nesota, October 10th, 1913.  
The amount of capital stock of the  
corporation shall be five hundred thou-  
sand dollars (\$500,000) divided into five  
and no parts (5000) shares of one hundred  
dollars (\$100) each, and said capital  
shall be paid in at such times and in  
such manner as may be required by the  
Board of Directors. No share of stock  
shall be issued until fully paid for at  
not less than the par value of the same.  
The highest amount of indebtedness or  
liability to which the corporation shall  
at any time be subject is five hundred  
thousand dollars (\$500,000).  
**ARTICLE VII.**  
In case of failure to elect directors at  
any annual meeting, they may be elected  
at any subsequent regular or special  
meeting of the stockholders, and when  
elected shall continue in office until their  
successors are chosen and enter upon the  
discharge of their duties. The direc-  
tors shall choose from their own num-  
ber a president, vice-president, secre-  
tary and treasurer, and such officers as  
the Board of Directors may, from time  
to time, deem advisable, and such offi-  
cers, when chosen, shall continue in of-  
fice until their respective successors are  
elected and enter upon the discharge of  
their duties. Any two officers, except  
president and vice-president, may be held  
by the same person.  
At any meeting of directors a proxy  
may represent, and vote in place of, any  
director who may be absent, and who  
shall have duly authorized such proxy  
so to act by a writing filed with the sec-  
retary of the corporation.  
In case a vacancy shall occur in the  
Board of Directors, or in any office, it  
may be filled by the existing directors  
for the unexpired term.  
In Witness Whereof, we have sub-  
scribed and acknowledged this certifi-  
cate this 1st day of October, 1913.

YS "LET OUR IRON ORE DO IT"

B. Stetson's Plan to Work the  
Iron Bodies in City and County  
for Benefit of All

the Editor:

How would Brainerd and Crow  
county like to build a new  
court house and city hall in some  
stable and convenient location with-  
out bonds and indebtedness and re-  
duce taxes all around?

I have been working on a plan to  
this and submit it for the careful  
consideration of all interested. I  
will boil it down as well as I can:

LET IRON ORE TO DO IT"

Let us contract with the Brainerd-  
Cuyuna Mining Co., a local concern  
which has already shown its ability  
to do things by locating 4,000,000  
tons of high-grade ore in the city and  
now putting down a shaft and is  
largely financed and managed by  
rainerd people who are now sub-  
scribing liberally for their stock.

Let this company take over the  
e on the county farm which is well  
own to hold large deposits of a  
od grade, also the ore believed to  
list on the 80 acre tract so gener-  
ously donated to the city by the late  
ad honored Judge G. W. Holland on  
e same or similar terms as they ac-  
quired their present holdings from  
Judge Holland and others for both  
filling and mining.

This would create a gigantic com-  
pany in Brainerd. I have not spoken  
word to this company or any one  
se about this proposition, preferring  
to submit it first to the people who  
ould have to approve it.

If this company does not care to  
ranch out as suggested, then we  
an organize a new company for this  
urpose which might be known as  
e "Brainerd-Crow Wing Mining  
yndicate," managed and financed by  
ur own people in our own city and  
ounty, or at least we to keep a ma-  
ority control in either event. The  
ity and county would receive the  
oyalties and the stockholders of  
rainerd and Crow Wing county the  
alance of mining profits as dividends  
n their stock for the benefit of them-  
selves and children for the next fifty  
ears.

There are millions of tons of ore  
n the above named properties, more  
pecially proved as to the county  
arm. Every man, woman and child  
ould be benefited.

"LET OUR IRON ORE DO IT."

P. B. NETTLETON.

Special to Dispatch:

Sylvan, Minn., Oct. 4—The hail  
storm at Sylvan last night was the  
worst seen there in 34 years, says  
Seth Phillips, an old resident. The  
hail was small, only the size of hazel  
nuts, and did no material damage,  
but covered the ground to a depth of  
six inches. It spent its fury at Syl-  
van, no hail falling a few miles east  
at Baxter.

At Brainerd hail and rain fell sim-  
ultaneously last night. The streets  
were flooded with the sudden rush  
of water, no material damage being  
done. The Northwestern Telephone  
Exchange Co. reports no damage to  
its wires or stations and the city  
electric light department records no  
damage.

BUSINESS RECEIVES IMPETUS

Band to be Organized in Barrows—  
Building Improvements Noted  
—Social News

Barrows, Minn., Oct. 3—Messrs.  
Klinkenberg, Ring and Peterson were  
a committee on decorations of the ore  
cars at the first shipment made from  
the Barrows mine Thursday, Oct. 2.  
E. F. Ring & Son painted the ban-  
ners which decorated the ore cars.

Miss Mae Staples and Miss Jessie  
Dewald, of the Barrows schools, had  
their 50 pupils at the mine festivi-  
ties and they witnessed the first ship-  
ment of ore from the Barrows mine.

Business has received a great im-  
petus in Barrows from the first ship-  
ment of ore and it puts the town on  
the map as a producer.

The road between Brainerd and  
Barrows has been greatly improved.  
curves straightened out and crushed  
rock distributed and sandy places  
made over into hard roadbed.

The Barrows townsite company has  
laid out a fine cinder path from  
the town to the mine.

John Wadimar and Tony Starke  
are building a seven room house a  
block from the First State bank of  
Barrows.

The ideal cafe has been painted by  
Ring & Son.

J. R. Parham is conducting a gen-  
eral store and European hotel, hav-  
ing ten rooms on the second floor.

R. T. James has remodeled his  
home and built an addition.

Sunday three more families came  
to Barrows.

Mike Janesky is receiving hand-  
some new fixtures for his place of  
business.

Hardware is arriving for the new  
Northern Pacific railway depot.

The Woodmen of the World lodge  
will hold a smoker and enjoy a  
lunch on the evening of October 7.

Steps are being taken to organize  
a band in Barrows, twelve musicians  
having signified their intention of  
joining the organization.

Dr. and Mrs. R. A. Belse and Mrs.  
Carl Zapffe of Brainerd, motored to  
Barrows Tuesday.

"The Chocolate Soldier"

Pleasing everyone of a large au-  
dience, "The Chocolate Soldier," with  
new scenery and equipment, played  
at the Brainerd opera house Thurs-  
day evening.

The famous opera bouffe by Oscar  
Straus was interpreted in a manner  
to bring out its tuneful harmonies,  
its pleasing situations and its fine  
ensemble.

Especially deserving of mention  
are Lella Hughes as Nadina, whose  
rendition of "My Hero," the musical  
masterpiece of the production, was  
given a beautiful interpretation by  
her in the first act. She is the pos-  
sessor of a very fine soprano. Miss  
Lottie Collins as Marsha, Nedina's  
cousin, possesses a good voice and  
dances delightfully. Arthur Frank-  
lin Burckly, who is the "Chocolate  
Soldier" has a tenor voice of remark-  
able range and quality and plays the  
part of Bumerli to perfection.

Y. M. C. A. NOTES

There will be a mixed meeting to-  
morrow afternoon at four o'clock,  
led by Rev. W. J. Smith. Mr. Smith's  
subject will be "The Strong Man."

There will be special music and a  
most cordial invitation is extended to  
everyone.

"MICHAEL'S"

SMILE ON PRES.  
CRUST'S FACE

General Secretary Lawrence's Report  
Shows Y. M. C. A. Had 500  
Members October 1

DEVELOPMENTS OF  
WEEK ON RANGE

South Range of the Cuyuna Iron  
Range Leaps into Spotlight  
When Barrows Mine Ships

When the board of directors of the  
Y. M. C. A. assembled for their regu-  
lar monthly meeting Thursday night  
they could tell by the smile on Pres.  
Crust's face that something very im-  
portant had happened.

When the general secretary read  
his report they learned that the goal  
set two years ago this month by Mr.  
Lawrence had been reached, and that  
the association had 500 members on  
October 1, 1913, just as he had prom-  
ised it would.

In addition to this, the report also  
showed that during the month of  
September the association had not  
only paid all its current expenses, as  
it has been doing for quite a while,  
but over \$128 worth of permanent  
improvements had been paid for out  
of the current expense fund, and a  
balance of over \$169 was left in the  
fund to apply on the bills which will  
accrue this month. This is the best  
showing the local association has  
ever made.

A committee was appointed from  
the board to assist the committee on  
winter sports in getting ground for a  
skating rink. This is only one of the  
activities which the association is  
undertaking for the winter, as the  
secretaries had planned an extensive  
line of sports for the benefit of the  
members. The gymnasium classes,  
both for men and boys, are proving  
more popular every day, and there is  
a gratifying increase of interest in  
the other departments of the associa-  
tion work.

More of the business men are get-  
ting interested in the association, and  
altogether the outlook for the winter  
season is better than it has ever been  
before.

OFFERS DEER TO PARK

John Pelkey Willing to Have Animal  
Kept at Gregory Park if Park  
Board Wishes It

John Pelkey, the Laurel street  
shoemaker, has fallen heir to the  
beautiful pet deer formerly owned  
by his brother, William Pelkey, of  
Remer, who as a homesteader, fed and  
took care of the animal since it was  
small.

Mr. Pelkey would like to have the  
animal kept at Gregory park, pro-  
viding the park board will build a  
fence and quarters for it. As long  
as the board takes good care of the  
animal it can remain at the park.

If some such arrangements can be  
made it would prove a great attrac-  
tion in the park and many visitors  
would wish to see the animal.

## NEW COURT HOUSE AND CITY HALL

Editor of Dispatch Outlines Plan for  
a New Combination Structure  
On Convenient Site

### LET OUR IRON ORE DO IT

B. Nettleton's Plan to Work the  
Iron Bodies in City and County  
for Benefit of All

the Editor:

How would Brainerd and Crow  
county like to build a new  
court house and city hall in some  
stable and convenient location with-  
out bonds and indebtedness and re-  
duce taxes all around?

I have been working on a plan to  
this and submit it for the careful  
consideration of all interested. I  
will boil it down as well as I can:

### LET IRON ORE TO DO IT

Let us contract with the Brainerd-  
Cuyuna Mining Co., a local concern  
which has already shown its ability  
to do things by locating 4,000,000  
tons of high-grade ore in the city and  
now putting down a shaft and is  
largely financed and managed by  
Brainerd people who are now sub-  
scribing liberally for their stock.

Let this company take over the  
county farm which is well  
known to hold large deposits of a  
good grade, also the ore believed to  
be on the 80 acre tract so gener-  
ously donated to the city by the late  
Judge Judge G. W. Holland on the  
same or similar terms as they ac-  
quired their present holdings from  
Judge Holland and others for both  
mining and farming.

This would create a gigantic com-  
pany in Brainerd. I have not spoken  
word to this company or any one  
else about this proposition, preferring  
to submit it first to the people who  
would have to approve it.

If this company does not care to  
branch out as suggested, then we  
can organize a new company for this  
purpose which might be known as  
the "Brainerd-Crow Wing Mining  
and Land Co.," managed and financed by  
our own people in our own city and  
county, or at least we to keep a ma-  
jority control in either event. The  
city and county would receive the  
royalties and the stockholders of  
Brainerd and Crow Wing county the  
balance of mining profits as dividends  
in their stock for the benefit of them-  
selves and children for the next fifty  
years.

There are millions of tons of ore  
in the above named properties, more  
especially proved as to the county  
farm. Every man, woman and child  
would be benefited.

"LET OUR IRON ORE DO IT."  
P. B. NETTLETON.

### NOTICE

I wish to announce to my patrons  
and public that I have secured the  
milk output of the B. M. Hunger-  
ford Lake Side Farm, at Atkin, com-  
prising 75 head of Tuberculin tested  
Guernsey cows, milked by a sharp-  
pointed milking machine and the milk  
bottled and handled in a sanitary  
manner, and can furnish it in any  
amount. Telephone 103.  
Advt. 2tp SAM SAUVAGEAU.

"The Chocolate Soldier"  
Pleasing everyone of a large au-  
dience, "The Chocolate Soldier," with  
new scenery and equipment, played  
at the Brainerd opera house Thurs-  
day evening.

The famous opera bouffe by Oscar  
Strauss was interpreted in a manner  
to bring out its tuneful harmonies,  
its pleasing situations and its fine  
ensemble.

Especially deserving of mention  
are Lella Hughes as Nadina, the mus-  
ical rendition of "My Hero," the musical  
masterpiece of the production, was  
given a beautiful interpretation by  
her in the first act. She is the pos-  
sessor of a very fine soprano. Miss  
Lottie Collins as Marsha, Nadina's  
cousin, possesses a good voice and  
dances delightfully. Arthur Frank-  
lin Burekly, who is the "Chocolate  
Soldier" has a tenor voice of remark-  
able range and quality and plays the  
part of Bumerli to perfection.

### Y. M. C. A. NOTES

There will be a mixed meeting to-  
morrow afternoon at four o'clock,  
led by Rev. W. J. Smith. Mr. Smith's  
subject will be "The Strong Man."  
There will be special music and a  
most cordial invitation is extended to  
everyone.

## HAIL 6 INCHES DEEP AT SYLVAN

Special to Dispatch:

Sylvan, Minn., Oct. 4.—The hail  
storm at Sylvan last night was the  
worst seen there in 34 years, says  
Seth Phillips, an old resident. The  
hail was small, only the size of hazel  
nuts, and did no material damage,  
but covered the ground to a depth of  
six inches. It spent its fury at Syl-  
van, no hail falling a few miles east  
at Baxter.

At Brainerd hail and rain fell sim-  
ultaneously last night. The streets  
were flooded with the sudden rush  
of water, no material damage being  
done. The Northwestern Telephone  
Exchange Co. reports no damage to  
its wires or stations and the city  
electric light department records no  
damage.

## FOUR FREIGHT CARS DERAILED

Special to Dispatch:

Deerwood, Minn., Oct. 4.—Four  
freight cars were derailed at the vi-

of simple assault as preferred by E.  
W. VanWalk, in behalf of his child.  
A case omitted in previous court  
records published was that of Mrs.  
R. A. Henning, who pleaded guilty to  
the charge of assault on a 13 year old  
girl in Northeast Brainerd and was  
fined \$1 or 1 day in the city jail.  
She paid her fine.

### BUSINESS RECEIVES IMPETUS

Band to be Organized in Barrows—  
Building Improvements Noted  
—Social News

Barrows, Minn., Oct. 3.—Messrs.  
Klinkenberg, Ring and Peterson were  
a committee on decorations of the ore  
cars at the first shipment made from  
the Barrows mine Thursday, Oct. 2.  
E. F. Ring & Son painted the ore cars,  
which decorated the ore cars.

Miss Mae Staples and Miss Jessie  
Dewald, of the Barrows schools, had  
their 50 pupils at the mine festivi-  
ties and they witnessed the first ship-  
ment of ore from the Barrows mine.  
Business has received a great im-  
petus in Barrows from the first ship-  
ment of ore and it puts the town on  
the map as a producer.

The road between Brainerd and  
Barrows has been greatly improved,  
curves straightened out and crushed  
rock distributed and sandy places  
made over into hard roadbed.

The Barrows townsite company has  
laid out a fine cinder path from  
the town to the mine.

John Wadimar and Tony Starks  
are building a seven room house a  
block from the First State bank of  
Barrows.

The Ideal cafe has been painted by  
Ring & Son.

J. R. Parham is conducting a gen-  
eral store and European hotel, hav-  
ing ten rooms on the second floor.

R. T. James has remodeled his  
home and built an addition.

Sunday three more families came  
to Barrows.

Mike Janesky is receiving hand-  
some new fixtures for his place of  
business.

Hardware is arriving for the new  
Northern Pacific railway depot.

The Woodmen of the World lodge  
will hold a smoker and enjoy a  
lunch on the evening of October 7.

Steps are being taken to organize  
a band in Barrows, twelve musicians  
having signified their intention of  
joining the organization.

Dr. and Mrs. R. A. Bese and Mrs.  
Carl Zapffe of Brainerd, motored to  
Barrows Tuesday.

## SMILE ON PRES. CRUST'S FACE

General Secretary Lawrence's Report  
Shows Y. M. C. A. Had 500  
Members October 1

### CURRENT EXPENSES ARE PAID

\$169 Left in Fund to Apply on Oct.  
Bills—Best Showing Ever  
Made Locally

When the board of directors of the  
Y. M. C. A. assembled for their regu-  
lar monthly meeting Thursday night  
they could tell by the smile on Pres.  
Crust's face that something very im-  
portant had happened.

When the general secretary read  
his report they learned that the goal  
set two years ago this month by Mr.  
Lawrence had been reached, and that  
the association had 500 members on  
October 1, 1913, just as he had prom-  
ised it would.

In addition to this, the report also  
showed that during the month of  
September the association had not  
only paid all its current expenses, as  
it has been doing for quite a while,  
but over \$128 worth of permanent  
improvements had been paid for out  
of the current expense fund, and a  
balance of over \$169 was left in the  
fund to apply on the bills which will  
accrue this month. This is the best  
showing the local association has  
ever made.

A committee was appointed from  
the board to assist the committee on  
winter sports in getting ground for a  
skating rink. This is only one of the  
activities which the association is  
undertaking for the winter, as the  
secretaries had planned an extensive  
line of sports for the benefit of the  
members. The gymnasium classes,  
both for men and boys, are proving  
more popular every day, and there is  
a gratifying increase of interest in  
the other departments of the associa-  
tion work.

More of the business men are get-  
ting interested in the association, and  
altogether the outlook for the winter  
season is better than it has ever been  
before.

### OFFERS DEER TO PARK

John Pelkey Willing to Have Animal  
Kept at Gregory Park if Park  
Board Wishes It

John Pelkey, the Laurel street  
shoemaker, has fallen heir to the  
beautiful pet deer formerly owned  
by his brother, William Pelkey, of  
Remer, who as a homesteader, fed and  
took care of the animal since it was  
small.

Mr. Pelkey would like to have the  
animal kept at Gregory park, provid-  
ing the park board will build a  
fence and quarters for it. As long  
as the board takes good care of the  
animal it can remain at the park.

If some such arrangements can be  
made it would prove a great attrac-  
tion in the park and many visitors  
would wish to see the animal.

### CHURCHES

secured Rev. David T. Jenkins, of  
Staples, for pastor. Rev. Jenkins  
will preach Sunday evenings at 7:30  
o'clock until further notice. Prayer  
meetings Thursday evening at 7:30  
o'clock.

First Congregational—Morning  
sermon, "Assuring Ourselves of the  
Christ." Violin solo by Edwin Har-  
ris Bergh "The Lost Chord" Sullivan.  
Christian endeavor 6:45. Veneration  
meeting, leader Miss Ina Sheri-  
dan. Evening sermon "Spiritual  
Advertising"

Evangelical Church Northeast—  
The Sunday school has made great  
preparations for a rousing rally day  
next Sunday at 10 a. m. All children  
young and old are requested to be on  
hand on time. A full attendance  
and many new scholars are expected.  
The pastor will preach at 11 a. m.  
and 7:45 p. m. Come and worship  
with us.

[Presbyterian Church—Morning  
worship and praise at 10:45. Sermon  
subject, "Reasons for Faith." The  
quartet will sing "Bless the Lord,"  
by J. H. Tenney. Chr. Jensen will  
play a violin solo, "Traumerer" by  
Schumann. The evening theme will  
be "Leadership." The children's  
chorus will sing and Mr. Jensen will  
play Handel's "Largo." This service  
will be at 7:45. All are cordially  
invited.

## DEVELOPMENTS OF WEEK ON RANGE

South Range of the Cuyuna Iron  
Range Leaps into Spotlight  
When Barrows Mine Ships

### BRAINERD-CUYUNA CO. WORK

The Adams Mine at Oreland Prepar-  
ing to Ship—Salisbury Mining  
Co. Pays Dividends

The South Range of the Cuyuna  
Iron Range was in the spot light this  
week, the Barrows mine of the Vir-  
ginia Ore Mining Co., a subsidiary of  
the M. A. Hanna Co., making its first  
shipment to the Northern Pacific rail-  
way ore docks at the Head of the  
Lakes. The ore averaged 60 per cent  
and refutes the claim of some that  
the South Range ore was lean stuff.  
The mine can ship 10,000 tons from  
its shaft before navigation closes and  
it called on to ship its stockpile 12-  
000 tons more would be added to its  
tonnage.

On the south side of the city of  
Brainerd within a mile from the post-  
office the Brainerd-Cuyuna Mining Co.  
is sinking its shaft and is now down  
25 feet. Hoists, engines, skips, buck-  
ets, etc have arrived. The black-  
smith shop has been built and the  
foundation is being laid for the en-  
gine and other machinery. Capt.  
John Martin is confident the com-  
pany will ship early in 1914. Four  
million tons of ore have been blocked  
out and the average is claimed to be  
56 per cent ore. When the mine is  
fully developed from 200 to 300 men  
will be employed. Two other shafts  
are to be added later.

The Cuyuna-Mille Lacs and the  
Cuyuna-Duluth mines are daily in-  
creasing their shipments. The Cuy-  
una-Mille Lacs has sold 10,000 tons  
to the Cleveland-Cliffs Co. and the  
order must be filled before naviga-  
tion closes.

The Cuyuna-Duluth mine is putting  
in risers and sub-levels and opening  
up to give employment to more min-  
ers. Three shifts are at work. No  
water bothers them. The drift has  
been run to connect with the Armour  
No. 2 and this mine connects with  
the Armour No. 1.

The Armour No. 2 at Crosby is  
shipping again, about 1000 tons daily.  
The mine had commenced stockpiling  
and this was apparently counter-  
manded.

The Inland Steel Co. Thompson  
mine is being stripped by the Pen-  
nington people. Two steam shovels  
are at work, with a day and night  
crew.

At the Duluth-Brainerd mine the  
shaft crew is sinking and putting  
down a set a day. They are now  
down 15 feet, being three sets and a  
collar. The absence of push cars and  
the necessary rails has handicapped  
them in their work and as soon as  
this machinery is received the work  
of shaft sinking will be facilitated.  
Temporary buildings are being erect-  
ed. Twenty-five men are at work.

The Adams mine at Oreland is fully  
equipped with the best of modern  
machinery. A large pumping sta-  
tion has been installed, also a larger  
air compressor. Further drifting  
must be done before the ore body can  
be opened up. The contract was to  
be let this week for the construction  
of a "dry."

The Kennedy mine at Cuyuna is  
shipping daily from its shaft, the  
stockpile having been cleaned up.  
This is the pioneer shipper of the  
range and will, as usual, get out a  
large stockpile this winter. Capt.  
Anderson, of the Rogers, Brown Ore  
Co., has made a record in efficiency  
of operation of all properties in his  
charge.

The Pennington has a shovel in  
the ore and one stripping.  
The Rowe mine at Little Rabbit  
lake is preparing for a big shipping  
season in 1914.

The Salisbury Mining Co., in which  
Cuyler Adams and associates are in-  
terested, is paying 7 per cent divi-  
dends. Royalties are being received  
on some of their properties and the  
stockholders are reaping the benefit.

Cole & McDonald recently spotted  
a drill in the southwest quarter of  
section 20, township 46, range 28.

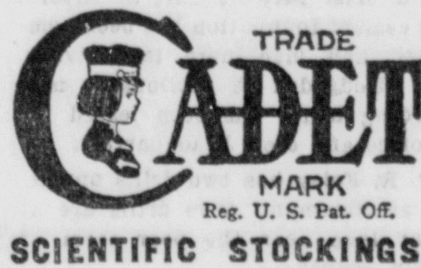

The Oreland Townsite Co. elected  
President Culver Adams, son of Cuy-  
ler Adams; vice president John Oberg,  
secretary Wilson Bradley and treasur-  
er Robert Adams, youngest son of  
Cuyler Adams.

The C. W. Potts Exploration Co.  
has two drills near Rabbit lake, one  
drill in section 27, township 47,  
range 29; one drill in section 21,  
township 46, range 28; and one drill  
lately placed in section 12, township  
46, range 30.

Two drills are now working in the

## "UNCLE DUDLEY" DIES AT RED WING

Was Founder of Brainerd Tribune,  
First Paper on N. P. Ry East  
of Rocky Mountains

### LEARNED PRINTING IN IOWA

Served in Second Minnesota Infantry  
—Later Publisher of Lake  
City Republican

Lake City, Minn., October 4.—Morris C. Russell, better known as "Uncle Dudley," a pioneer printer and newspaper man of Minnesota, died yesterday at the Red Wing hospital, aged 73 years.

He was born in Pennsylvania in 1840 and came to Minnesota in 1854, when a lad of 14 years. He learned the printing trade at Tipton, Iowa, and at the outbreak of the Civil war joined Company K, Second Minnesota infantry, serving a year.

He was discharged on account of poor health and returned home in 1862 in time to serve as a scout with General Sibley in the Sioux outbreak. At the close of his army service, he re-entered the newspaper business at Nashville, Tenn., later coming to Minnesota.

He established the Brainerd Tribune, the first paper on the Northern Pacific railroad east of the Rocky mountains. For many years he was publisher of the Lake City Republican and took an active part in state and county politics. He is survived by his wife and several children.

### YOU'RE BILIOUS AND COSTIVE!—CASCARETS

Sick Headache, Bad Breath, Sour  
Stomach, mean Liver and Bowels  
Clogged—Clean up tonight

Get a 10-cent box now.

Furred tongue, bad taste, indigestion, sallow skin and miserable headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret tonight will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months. Millions of men and women take a Cascaret now and then to keep their stomach, liver and bowels regulated, and never know a miserable moment. Don't forget the children—their little insides need a good, gentle cleansing, too.—Adv.

Will Send a Delegation to County  
Commissioners Meeting Oct. 7

### FAVOR GOOD ROADS BUILT NOW

Oreland Townsite Co. Has Annual  
Election—Prosperous Salisbury  
Mining Co.

Deerwood, Minn., Oct. 2.—Deerwood, the village and the township and other townships adjoining favor the Elwell law method of building roads in Crow Wing county and will send a large delegation to the meeting of the county commissioners to be held October 7, speaking in favor of adopting this method of road building in the county.

The people are outspoken in their support of this law and propose to have a system of highways constructed which the present generation can use.

County Commissioner John A. Oberg and Gust Franson have repaired the Mississippi river bridge north of Rabbit lake.

The Oreland Townsite Co. at its recent meeting elected President Culver Adams, vice president, John A. Oberg, secretary Wilson Bradley, and treasurer Robert Adams.

Tom DeRoche holds the record for shooting prairie chickens, being one of the best shots in the village. F. A. Glass located several drill holes for mining companies this week. All the homes built by the Range Building Co. in Oreland have been rented.

L. Pitt, of Lawrence, Kansas, has been a visitor at the home of his son, F. L. Pitt.

Wilson Bradley was best man at the Hale-Purple wedding.

The Salisbury Mining Co. is paying dividende and is in a most prosperous condition.

Members of the Deerwood Good Roads association are wearing buttons of the association.

J. A. Stetson has been on a hunting trip to Clearwater lake.

Of the local Good Roads association Charles G. Osterlund is president, H. J. Ernster secretary and treasurer, H. J. Hage vice president and Olson Skau and Joe Ruttger directors.

John Oberg, Carl Carlson, Frank Freeman, John McManus and Fred Carlson were hunting at McLean near McGregor. Carl Carlson used to shoot an old T. M. Roberts catalog shot gun and by pointing it at a flock and getting the general direction of things one was bound to bring down a bird or two out of twenty aimed at. With the T. M. Roberts gun he was able to hit a barn at a rod's distance. At this hunt Carlson produced his new automatic and covering the flock he fired and didn't get a bird, not even a feather. Fifty shells were burned up shooting holes in the air until he realized that the automatic pump gun had to be sighted on a bird, not on a bunch of birds, and then he succeeded in getting several. John McManus was chief cook of the party and the bouillon he turned out was worth going miles to taste. Photographs were taken of the party. One showing John McManus with his coat hanging on an Indian wigwam while John is serenely surveying 21 mallards which the picture faithfully records as having been shot by him.

On the way home the two duck boats of the party were lost, also a knapsack containing several bottles of rheumatism medicine. A tracer was sent out for them and the Northern Pacific railway was looking for the stuff from Duluth to St. Paul to Seattle. The other day J. C. Higbe, the manager of the Brainerd Fruit Co., while poking around in a carload of bananas, found the two duck-boats and the knapsack at Brainerd and wired the Deerwood sharpshooters of his discovery. Somebody had shipped the boats and the other belongings in a refrigerator car, presuming they would keep longer in such a car. For this reward in locating them, J. C. Higbe has been made an honorary member of the Deerwood Duck club.

Homer F. Mussey has received a letter from the auditor of Pennington county to the effect that the county favor the Elwell road law. The preliminary expense on Rural Highway No. 1 up to date amounted to but \$719.03 and this included the posting of notices of hearing, publishing all notices, total engineering, commissioners mileage and per diem, viewers fees ad expense. The contract price for grading the road was \$24,230.46 and the price of graveling was \$12,125. But road material in Crow Wing county is cheaper and easier of access than in Pennington county. The clerical work, said the auditor of Pennington county, was not very heavy and was easily handled by him.

## "COINING MONEY"

Is so different, yet a phrase aptly applied when money is made rapidly by investment. ABSOLUTE SAFETY is the first consideration, and Real Estate offers that safety; certainly an immediate increase is next. Any city now building on substantial industrial development insures rapidly increasing value.

GARY, the new Steel Plant City, offers a full measure of these requirements. Gary, 1st Div. adjoins the U. S. Steel Corporation's new 25 million Dollar Steel Plant, where both city and plant are now building. The mills are expected to operate by spring. Other gigantic subsidiary plants are also locating, one of which is the big Cement Plant, costing nearly Two Million Dollars, giving assurance of a 200 MILLION DOLLAR INDUSTRIAL GROWTH with 12,000 workmen receiving a FULL MIL LION IN PAYROLLS EACH MONTH. FACTS show the inevitable result—an ENORMOUS CITY with its high priced realty within 6 years.

No investment at Gary, Ind., during 1906-7-8 were without immense profits. Gary, 1st Div., now stands where Gary, Ind., stood in 1906-7. You can now own a business lot in Gary at a reasonable price and on easy terms, where the Steel Co. has already invested more money than is within your realization of its magnitude. CERTAIN IMMUTABLE LAWS operating through great industrial development, areas certain as the law of gravitation, guaranteeing the investor an increased population, producing high valued realty in quick time, thereby "coining you money" from the purchase NOW of a Gary lot. THIS is sound business judgment. THIS IS YOUR OPPORTUNITY. Investigate it, whether your funds are great or small, and you will realize accordingly. Follow U. S. Steel Development and make money instead of mistakes. Ask for a photo of the new Gary.

## "UNCLE DUDLEY" DIES AT RED WING

Was Founder of Brainerd Tribune,  
First Paper on N. P. Ry East  
of Rocky Mountains

### LEARNED PRINTING IN IOWA

Served in Second Minnesota Infantry  
—Later Publisher of Lake  
City Republican

Lake City, Minn., October 4.—Morris C. Russell, better known as "Uncle Dudley," a pioneer printer and newspaper man of Minnesota, died yesterday at the Red Wing hospital, aged 73 years.

He was born in Pennsylvania in 1840 and came to Minnesota in 1854, when a lad of 14 years. He learned the printing trade at Tipton, Iowa, and at the outbreak of the Civil war joined Company K, Second Minnesota infantry, serving a year.

He was discharged on account of poor health and returned home in 1862 in time to serve as a scout with General Sibley in the Sioux outbreak. At the close of his army service, he re-entered the newspaper business at Nashville, Tenn., later coming to Minnesota.

He established the Brainerd Tribune, the first paper on the Northern Pacific railroad east of the Rocky mountains. For many years he was publisher of the Lake City Republican and took an active part in state and county politics. He is survived by his wife and several children.

### YOU'RE BILIOUS AND COSTIVE!—CASCARETS

Sick Headache, Bad Breath, Sour  
Stomach, mean Liver and Bowels  
Clogged—Clean up tonight

Get a 10-cent box now.

Furred tongue, bad taste, indigestion, yellow skin and miserable headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret tonight will give your constipated bowels a thorough cleaning and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months. Millions of men and women take a Cascaret now and then to keep their stomach, liver and bowels regulated, and never know a miserable moment. Don't forget the children—their little insides need a good, gentle cleansing, too.—Advt.

he fired and didn't get a bird, not  
even a feather. Fifty shells were  
burned up shooting holes in the air  
until he realized that the automatic  
pump gun had to be sighted on a bird,  
not on a bunch of birds, and then he  
succeeded in getting several. John  
McManus was chief cook of the party  
and the bouillon he turned out was  
worth going miles to taste. Photo-  
graphs were taken of the party. One  
shows John McManus with his coat  
hanging on an Indian wigwag while  
John is serenely surveying 21 mal-  
lards which the picture faithfully re-  
cords as having been shot by him.

On the way home the two duck  
boats of the party were lost, also a  
knapsack containing several bottles  
of rheumatism medicine. A tracer  
was sent out for them and the Nor-  
thern Pacific railway was looking for  
the stuff from Duluth to St. Paul to  
Seattle. The other day J. C. Higbe,  
the manager of the Brainerd Fruit  
Co., while poking around in a car-  
load of bananas, found the two duck  
boats and the knapsack at Brainerd  
and wired the Deerwood sharpshoot-  
ers of his discovery. Somebody had  
shipped the boats and the other be-  
longings in a refrigeratory car, pre-  
suming they would keep longer in  
such a car. For this reward in lo-  
cating them, J. C. Higbe has been  
made an honorary member of the  
Deerwood Duck club.

Homer F. Mussey has received a  
letter from the auditor of Penning-  
ton county to the effect that the coun-  
ty favor the Elwell road law. The  
preliminary expense on Rural High-  
way No. 1 up to date amounted to  
but \$719.03 and this included the  
posting of notices of hearing, publish-  
ing all notices, total engineering, com-  
missioners mileage and per diem,  
viewers fees ad expense. The con-  
tract price for grading the road was  
\$24,230.46 and the price of gravel-  
ing was \$12,125. But road material  
in Crow Wing county is cheaper and  
easier of access than in Pennington  
county. The clerical work, said the  
auditor of Pennington county, was  
not very heavy and was easily han-  
dled by him.

## "COINING MONEY"

Is so different, yet a phrase aptly applied when money is made rapidly  
by investment. ABSOLUTE SAFETY is the first consideration, and Real  
Estate offers that safety; certainly an immediate increase is next. Any  
city now building on substantial industrial development insures rapidly  
increasing value.

GARY, the new Steel Plant City, offers a full measure of these re-  
quirements. Gary, 1st Div. adjoins the U. S. Steel Corporation's new 25  
million Dollar Steel Plant, where both city and plant are now building.  
The mills are expected to operate by spring. Other gigantic subsidiary  
plants are also locating, one of which is the big Cement Plant, costing  
nearly Two Million Dollars, giving assurance of a 200 MILLION DOLLAR  
INDUSTRIAL GROWTH with 12,000 workmen receiving a FULL MIL-  
LION IN PAYROLLS EACH MONTH. FACTS show the inevitable result  
—an ENORMOUS CITY with its high priced realty within 6 years.

No investment at Gary, Ind., during 1906-7-8 were without im-  
mense profits. Gary, 1st Div., now stands where Gary, Ind., stood in  
1906-7. You can now own a business lot in Gary at a reasonable price  
and on easy terms, where the Steel Co. has already invested more money  
than is within your realization of its magnitude. CERTAIN IMMUTABLE  
LAWS operating through great industrial development, areas certain as  
the law of gravitation, guaranteeing the investor an increased population,  
producing high valued realty in quick time, thereby "coining you money"  
from the purchase NOW of a Gary lot. THIS is sound business judgment.  
THIS IS YOUR OPPORTUNITY. Investigate it, whether your funds are  
great or small, and you will realize accordingly. Follow U. S. Steel Develop-  
ment and make money instead of mistakes. Ask for a photo of the new  
Gary.
